All Purpose Non-Woven Towel

Professional non-woven towel used for a wide range of cleaning and drying applications.

Features & Benefits:

- Very low linting performance to ensure a clean finish and reduce the risk of leaving traces of fibers or residue
- Soft and gentle in texture
- High tensile strength, both wet and dry
- High absorbency
- Lasting performance, even in warm water
- Made with high-strength wood pulp and polyester blend for superior durability and tear resistance

Product Code

HSE-9770447	30 x 35cm
HSE-9770448	60 x 35cm

Packaging

100 pcs per box,
12 boxes per carton

Application

Suitable for wiping delicate machinery, such as lens and scope instruments, dental chairs, and similar equipment.

Ideal for use in high-hygiene environments such as hospitals, healthcare institutions, compounding pharmacies, physician practices, and facilities where compounded sterile products are prepared and dispensed near aseptic processing areas.

Surface and equipment cleaning within health departments, cleanrooms, laboratories, and similar environments.

Suitable for use as CSSD tray liners, providing optimal moisture control, instrument protection, and support for maintaining sterility during sterile processing workflows.

Ideal for patient care such as wiping and removing excess ultrasound gel.

Application

Weight of Towel	Water Absorbency	Sinking Time	Tensile Strength: (Machine Direction)	Tensile Strength: (Cross Direction)
56 ± 4 g/m2	6-9g/g	≤ 5s	≥ 110 N/ 5cm	≥ 35 N/ 5cm
